

Squamish Axemen Youth Rugby

Playing Uniform Care Instructions

- Once your club fees have been received for each playing member, a uniform (consisting of a jersey, a pair of shorts and a pair of socks) will be issued to each player for the duration of the season.
- Whilst the uniform is in your possession, they are your responsibility.
- Uniforms are to be worn solely for club practices and matches only, or if they're required for a club organized event.
- Uniforms are not to be worn outside of rugby, especially school. Unless you have purchased the uniform outright.
- The jersey's are not designed to be machine dried, therefore please air dry after washing.
- If at any point of the season your child outgrows the shirt and shorts, please do not hesitate to request a larger size. We will try to accommodate your request depending on availability.
- We will require the complete & clean uniform to be returned at the End of Season BBQ or within two weeks of the season ending.
- If any items are lost / not returned at the end of the season, you will be liable for the cost to replace the item(s).
